Year 4	Badminton, Hockey Club Skateboarding Club, Multiskills coaching	100%
Year 5	Year 5 multi skills festival at SJC June 18 Multiskills coaching Badminton and badminton afternoon at SJC	100%
Year 6	Basketball Multi skills coaching Quad kids coaching	100%

BC and IF have been in close contact during 2017-18 with an aim to monitor the impact of the Sports Funding. We have met on a number of occasions outside PLT meetings in order to look into plans to widen the provision for a large school such as BPS. BPS is a Silver Mark sports school. 12 Year 5/6 Sports Leaders trained as Bronze Ambassadors, a role which they can build on when they reach secondary school. In 2018-19, there will be ongoing 1:1 meetings to gauge sports funding impact and provision.

Examples of the impact of the sports funding:

Once again, certain disadvantaged children in the year groups have been targeted by teachers and communication has been very positive between teacher/TLAs in the school and these children's parents. Children with behavioural issues have been encouraged to take part in a club out of school hours. Their behaviour was closely monitored by the outside provider and the feed-back was very positive. One of the children wanted to know how they could play more hockey and was keen to join another club. The overall effect on the children's behaviour has been good and their attitude to teamwork and respect for has grown alongside their health, well-being and fitness.

Bridport Primary School has advocated a 'We Can' ethos, which has been presented to the school in assemblies and is a thread that runs through school life. A year 5 pupil who has sometimes struggled with school has been inspired to partake in regular Park Runs and children's marathons having been inspired by the school focus on running and having joined athletics and running clubs run by staff after school. This has contributed to the child's positive mind set in class and resulting improved behaviour and emotional well-being.

2017-18 has been a very successful year for sport in BPS. We have taken part in all the festivals, races and coaching opportunities that have been on offer, as well as introducing new opportunities such as badminton, handball and EYFS cricket. As a result, the children have all enjoyed the increase in physical activity, which has inspired certain year groups. Year 5, to name one year group, has reported a greater focus in lessons and an improvement in general behaviour as a result of structured physical breaks in the morning and afternoons.
